Winchester Road Plan-Line Gives Planners Rough Time

Frustrated City Planners after two hours of impatient haggling among themselves last Thursday night over what they should do about the official plan-line of Winchester Road ended up as they had in three previous encounters with the pesky problem. They postponed their decision to a future date.

Only ten minutes, however, was necessary for the Planning Commission to establish the official plan line for Campbell Ave., which had been presented to the Commission for the first time by the City Engineer on August 2 the same time that the Winchester plan got its first going over.

Goes to Council

As a result of last Thursday's meeting, the Campbell Ave. plan line, as adopted by the Planners, goes to the City Council for final approval. The plan calls for the eventual widening of Campbell Ave. to 90-feet with 10-feet coming off both sides through the heart of the down town business district. The plan line does not set any date for the widening of the road. It merely "freezes" a 10-foot setback so that property owners cannot construct any permanent buildings in this setback area.

The City Council has set Monday, October 22, as the public hearing date for the Campbell Ave. plan line. After the hearing, the plan will either be rejected or approved and will then go into effect.

What effect the plan line, as recommended by the Planners, will have on present or future building plans for the city remained a moot question because when the street will be widened is still a matter of indefinite conjecture.

Adoption of the Winchester Road plan-line as recommended by the City Engineer came within one vote of getting the Commission's approval after the prolonged discussion on the subject had dragged out the meeting to one of the longest on record.

Commissioners, at the close of the endurance contest last Thursday, indicated that they would be in a better position to act on the controversial matter after they viewed a strip-map of the street which will show lot depths. Nestor Barrett, planning consultant, promised to have the strip-map show ready by that time.

Engineer Reports

Joseph A. Rechenmacher, of the city engineer's office, started the discussion marathon when he reported to the Commission how many houses would have to be moved because less than a 15-foot setback remained when Winchester Road was widened under three different plan-line proposals. The engineer's office had been asked at a previous meeting to make such a study.

The engineer reported (1) that if the center-line remained as it is and land taken from both sides equally, 29 houses would have less than 15-feet; (2) if the center-line was moved 15-feet to the east, 24 houses would be affected; (3) if center-line was moved 15-feet to the west only 18 houses would have to be moved. It was estimated that it would cost $3500 to move each house. Although moving the line to the west was the most economical, it was pointed out, the city engineer still recommended that the center line remain where it now is.

It was this idea of jogging the road, or not-jogging it, that set up the long-drawn out discussion with the end result that the Commissioners were unable to come to any conclusion.

On The Line in Campbell

Bill Howarth, a senior in the Department of Journalism at San Jose State, this week started his internship on The Campbell Press. Howarth, whose home is in Livermore, will spend 20 hours per week all during the first semester working on this paper's editorial staff. Journalism students at San Jose State must complete their internship before graduating. They receive regular college credit for work in the field.

Denver Miranda, half-owner of Penhall's barber shop in Campbell for the past five years,plans to open his own shop in town in about two weeks. He is a licensed hair stylist and will specialize in styling women's hair.

His new shop will be located at 91 S. Winchester Road, across from the Aero Pharmacy. The shop on E. Campbell Ave., operated by Cy Penhall and Miranda, is in line for a complete face-lift under the remodeling plans of William Lloyd, owner of a number of business buildings in the block.

Cy Penhall (see above) longtime resident of Campbell and who has operated a barber shop in the Lloyd building on E. Campbell Ave. for many years, plans to open a new barbershop in his own building at 565 E. Campbell on Tuesday, October 2. He reports that there will be "no waiting" and that there will be three chairs available for his customers.

The Campbell Fire Department was called to extinguish a blaze at the residence of Forest A. Taber, 158 Kennedy Ave., at 11 p.m. on Saturday. The fire gutted the bedroom of the house. There were no injuries. Firemen and volunteers at the time of the alarm were taking part in the annual barbecue of the department at the firehouse.

They are calling Officer Gordon Rooney of the Campbell Fire Department "Doc" now at the City Hall. On Sunday evening Rooney answered a desperation call of Mrs. Evelyn Ayres, 281 N. Central Ave., who explained that her baby was on the way and that she was unable to find her husband, Douglas at the moment.

Rooney took over. He sped to her home, picked up Mrs. Ayres and with red light beaming and siren howling, he took off for O'Connor Hospital. He made it in eight minutes. There was no time to summon a doctor. An obstetrical nurse delivered the 6-pound, 11-ounce boy a few minutes after Mrs. Ayres arrived. Both the mother and baby were reported doing fine this week. But "Doc" Rooney was still a little shaky.

Registration for adult classes will take place tonight at the Campbell High School library. Adult students can register from 7:30 p.m. to 9:30 p.m., according to Ed Stanley, director of adult education. Registration took place at the Camden High adult center on Tuesday. More than 1000 are expected in the 61 courses that will be offered this year, Stanley reports.

Lights Go On

Street lights blazed in the Kuehnis Tract this week. But they were affixed to wooden poles and not the steel ones that residents had vainly tried to get for the first time eight months ago.

William Addison of the PG-&E said that it was impossible for the utility company to wait any longer to put in the street lights which had been ordered by the county in January of this year. He said the company would be liable if it waited any longer. The poles have stood lightless since February.

Residents of the tract had vainly tried to form a lighting district within the existing one in order to tax themselves for the additional money needed to get steel posts. But it would be two years before enough money could be raised in this manner.

The only other alternative was for the residents to raise the more than $3,000 needed in cash on the barrel-head.

Prune Production Tops Last Year's

Approximately 13,000 tons (green) of prunes have been processed to date by the California Prune and Apricot Growers Association, Campbell dryer plant, according to Herman Gerdts, manager-superintendent. Last year's total amounted to only 9036 green tons.

The fruit comes from local growers. The bad season last year brought production way down, according to Gerds. Some growers expect the seasoon to last until October 15; however, a rain could end it much sooner.

Gerdts estimates that this year's tonnage will ultimately amount to approximately 13,200 green tons.

The grading and evaluation of the prunes for marketing purposes will reach its peak tomorrow, Gerdts said. By that day the plant will be operating day and night shifts which will continue to Thanksgiving.

Only 12 of the plant's 48 dehydration tunnels are currently in operation. Most of the fruit now being dried is from the Santa Cruz Mountain area.

The hulling and processing work on walnuts is just getting underway, Gerdts said. The nuts are grown by the Santa Clara Walnut Growers Association, and 90 per cent of them are marketed under their brand—diamond brand.

Council Ponders Bids for Streets, Electrical Work

It was bid-time at the City Council meeting Monday.

McKinley-Young Electric, 31 N. Central, was the low bidder for electrical work on the new city hall it was revealed Monday night when the City Council opened bids for the job. The Council was expected to award the contract to the firm at its adjourned meeting last night.

The local electrical firm bid $5251 for the work compared to $5530 by the Prettyman Electric Co. of Campbell and $6258 for Roy Butcher Electric of San Jose.

The Council also checked the bids on the Hamilton Ave. widening project which had been opened in the afternoon. The low bids of the three turned in exceeded the estimate for the job by $6252.95, City Engineer Mark Thomas reported.

He said, however, that he thought it was possible through transfering and matching funds, that the deficit could be made up. The Council will officially award the bids on October 8 when the legal juggling of the dough is completed.

Low bidder for the job was the Leo P. Piazza Co., of San Jose with a bid of $77,759.90. A. J. Raisch Co. bid $82,289 and Kleinsmith, $87,086.83.

Thomas reported also that only five property owners have not yet signed agreements with the condemnation proceedings necessary to acquire the land needed for the widening.

The Council also called for bids for the resurfacing of Winchester Road. The bids will be opened in two weeks. It is estimated that the resurfacing work will cost approximately $16,000.

In other matters, the Council:

1. Agreed with Councilman Charles Rose that a cleanup campaign for the town was in order and referred to its ordinance committee a proposed law that would require property owners to cut tall grass and clean up debris on lots.

2. Referred to the traffic engineer the request for more paid crossing guards at Dover and the Cherry Lane schools.

County Votes On Flood Control

By Bill Howarth

The people of Santa Clara County will be asked to go to the polls Tuesday, October 2 and approve a $13,556,000 bond to finance a countywide flood control program.

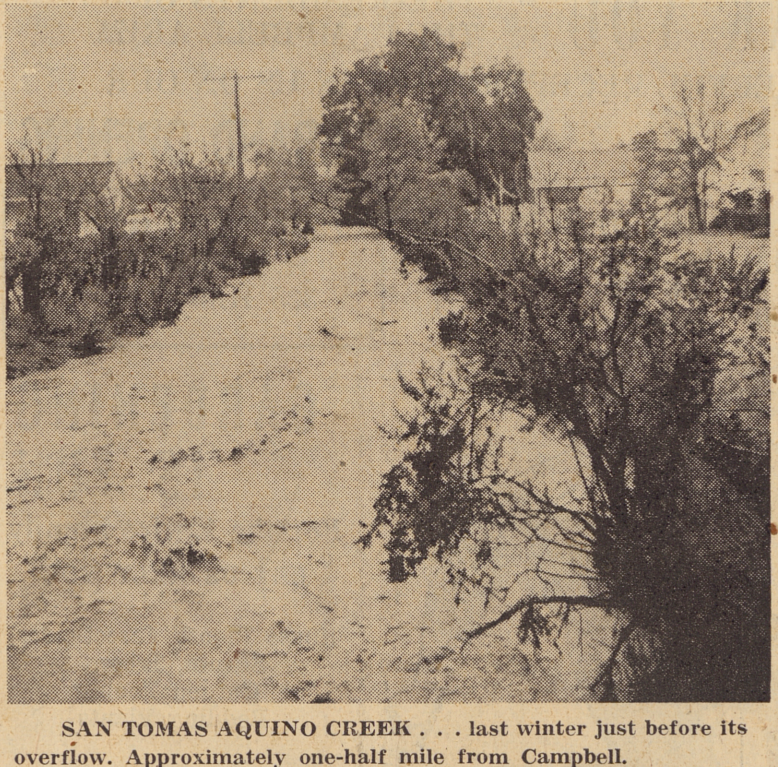
The county has been divided into three separate zones, each of which will have separate district balloting on the special election day. The Campbell area is located in the Northcentral zone for which a $4,941,000 bond is being asked.

Precincts 3, 8, 9, 12, 11, 15, in Campbell will vote at the Campbell High School. Precincts 1, 2 in San Tomas will vote at the San Tomas School. Vineland precincts 6, 9, 7, 14 will vote at Daves Avenue School in Los Gatos.

The cost, property damage, and danger to human life, which resulted from the devastating floods last Christmas season must not occur again, say officials of the Santa Clara County Flood Control and Water Conservation District.

Re-Channel Creeks

The creeks in the County must be re-channelled, widened, and made to take care of larger volumes of water in case of another flooding rain. Flood damage in Campbell, Sunnyvale, and sections of Saratoga, San Jose, and Santa Clara in 1955 was estimated at $2,428,800 by the Corps of Army Engineers. This is about one third of the amount needed for the work in the Northcentral zone.



SAN TOMAS AQUINO CREEK . . . last winter just before its overflow. Approximately one-half mile from Campbell.

Flood Control District officials have divided the County into three seperate zones. The Campbell area falls into Zone North Central 1; this zone also includes Sunnyvale, parts of San Jose, Saratoga and Santa Clara.

The program in the Northcentral zone calls for repairs and re-alignment of San Tomas Aquino, Saratoga, Regnart and Calabazas creeks. Construction is also set for two new outfalls to be known as the East and West Sunnyvale outfalls. These two outfalls will run parallel to each other. They will be located just west of Moffett Field.

Saving Time Ends

It's about time to turn back time again. Saturday, September 29 marks the last day of daylight saving time. All clocks are to be turned back one hour.

The best time to turn your clock back is before you go to bed on Saturday night, so you won't forget what's going to happen.

The switch back to sun time drops the shade down on the good old summer time with decidedly more finality than does September 21, the last day of summer.

The evenings will be darker. It will be easier to get the children to bed. You will be able to go to the drive-in right after supper. But you'll have less time to putter in the garden. The sun will be higher when you get up in the morning—if you can see it through the fog.

The days will seem shorter, the nights blacker and colder. The nostalgia for brighter days gone by will creep in. The fireplace will need cleaning out. But you'll get used to it.

Downtown Area Face-lift Job Gets Partial OK

"Operation Face-lift" for the downtown business district of Campbell received only a partial blessing from the Campbell Planning Commission last Thursday night.

Two propects were presented for approval. One by William Lloyd called for remodeling of present store buildings plus the building of a new structure while the other by Tony Raffanti was for a complete new building. In the first case, the Planners granted approval for the remodeling project but held up action on the plans for the new building when it was discovered that the plans had been drawn for the wrong fire zone.

Variance Needed

Raffanti's plans for a building at Second St. and Campbell were held up because a parking variance was needed. Raffanti was asked to submit the application for the variance before the Planners would act on the plans. Raffanti indicated that he would present the variance application at the next meeting.

That the always controversial setback question will have to be faced and answered at the next meeting was also indicated by the discussion during the meeting last Thursday.

Ollie Jensen, a local contractor representing the Lloyd's interests, and Nestor Barrett, planning consultant, crossed swords at the meeting over the setback requirement.

Barrett held that it was necessary because of a prior committment to the State in relation to Route 5 freeway that 10-foot setbacks on either side of Campbell was needed. He said also that the just adopted Campbell Ave. planline also allowed for the setbacks.

Indefinite Future

Jensen pointed out that the widening of the street was in the indefinite future and it seemed unfair to penalize one property owner when others were not affected. Jensen, however, indicated that perhaps some plan could be worked out whereby the building could be set back 10-feet at no cost to the city when the street was eventually widened.

The matter will again probably plague the Commission at its next meeting when new plans which meet the proper fire zone requirements are submitted.

Other Actions

In other actions, the Commission:

1. Granted Yano T. Circo a use permit to construct an upstairs dwelling in the commercial zone on the San Jose-Los Gatos Road, and a variance at the same time that would allow a dwelling on a 50-foot lot instead of the required 60-foot. Circo plans to operate a sporting goods store on the lower floor and reside in the second floor.

The Planners held up approval,

Local Merchants Begin Collection Monday of One-Cent Levy on Sales

Business firms in Campbell, as well as those in the unincorporated areas and in all other cities of the county, will begin collecting an extra penny in sales tax from their customers next Monday, October 1.

Months of haggling between the cities and county over the proper "cut" to the county came to an abrupt end this week with the adoption of an emergency measure by the supervisors which excluded the City of Milpitas from the countywide plan.

Under this plan, the State Board of Equalization will act as the collection agency. The County will receive 9 per cent of the money collected in the cities and in turn from this income, will pay 1.7 per cent to the State for the collection.

Last month the county passed an ordinance which would have gone into effect if all 14 cities agreed to a plan for sharing the sales tax collected within each of the city's limits. Milpitas refused to go along with this but the other 13 agreed.

Milpitas will also have a sales tax but will act as its own collection agency and will not divide with the County.

Campbell Acts

The Campbell City Council, faced with the financial necessity of receiving the added sales tax income in order to carry on the city's operation as budgeted, had taken, (prior to the county's action this week) the needed legal steps to adopt this city's own sales tax ordinance which also would have gone into effect next Monday.

The council, however, originated the action to adopt a local sales tax when it was indicated that the county would eventually have such a tax. Without a city tax tie-in, all the revenue collected would then go to the county.

Under the guidance of Mayor John M. Chargin, who was forced informally to assume the additional role of city attorney in the absence of City Attorney Joseph Bonacina, and Councilman Myron L. Fairchild, finance and license chairman, the abbreviated City Council changed gears in the middle of the stream this week. This action was necessary in order to get under the wire for the countywide plan and still be protected by having some sort of sales tax measure in effect, come next Monday, the start of the fourth quarter.

What Happened

To accomplish all this, the Council:

(1) On Monday officially adopted the city's sales tax ordinance which had been given its first reading at a previous meeting.

(2) Adjourned its Monday meeting to Wednesday night in order to pass the new ordinance which will in effect adopt the countywide plan and suspend the city's.

(3) Negotiated the necessary contracts with the State Board of Equalization (necessary before the end of the month) so that body can act as the collection agency for the quarter that starts next Monday.

Who Will Get It?

There will be a new Campbell City Councilman appoined before the end of next month. That much appeared certain this week. But one guess appeared to be as good as another as to what person would get the job.

The resignation of Jim Arends, who had served since the city was incorporated in 1952, was accepted on Monday night. Arends has moved outside the city limits.

Mayor John M. Chargin, Councilmen Charles Rose and Myron L. Fairchild all paid their respects to the retiring councilman at the meeting. But no inkling was given out by any one of them as what individual was favored for the spot.

Among those mentioned as "possibles" this week were Merv Willoughby, life insurance agent and Rotary president; Tony Oreglia, market owner; Matt Davis, service station attendant; Lester Lafferty, real estate agent and former newspaper publisher; and Ronnie Arnold, cabinet shop operator.

GOES TO SACRAMENTO

Councilman Richard Morton left this morning for Sacramento with the necessary papers to contract with the State for the collection of the sales tax.

School Population Jumps

Enrollment Rises in Area Schools Since Start of Fall Semester

Enrollment figures for both high and elementary schools in the Campbell area have risen since the beginning of the school year. Campbell High School reports a rise from 1745 students to 1750; Camden reports 1053 from 1048 at the start of school.

Campbell Union Elementary Schools showed a beginning enrollment of 5826 at the start of the term. The figure has risen to 5938 students. A breakdown on the rising enrollment figures for each of the ten elementary schools in the district is as follows: The first figure represents enrollment at the start of the term, the second figure is enrollment as of last Thursday: Campbell, 863 - 883; Moorpark, 497 - 506; San Tomas, 522 - 529; Hamilton, 656 - 685; Rosemary, 351 - 354; Cypress, 715-736; Quito, 456 - 456; Cherry Lane, 445 - 451; Dover, 695 - 706; Monroe, 618 - 632.

Cambrian Elementary Schools show a rise from 2086 to 2193 for the three schools. Enrollment figures are as follows: Cambrian, 987, at start of term, 1020 as of last Tuesday; Steindorf, 753 - 806; Bagby, 346 - 267.

According to Laurance J. Hill, superintendent of Campbell Union High School District, the district is on the verge of purchasing a 50 acre site for a future high school, the fifth in the district. The site is located on Dutard Ave., off the San Jose-Los Gatos road.

Residential property on this site may have to be condemned, according to Hill. Members of the School Board journeyed to the site last Tuesday to consider alternatives, but none were found. Accompanying and advising the board was Kenneth Moulton, real property officer from the State Board of Finance.

The sale to the District of the site on Blackford and Boynton avenues was accomplished yesterday, according to Hill. The sites are not slated to be built on for two or threee years yet.

Construction will begin before the first of the year on a swimming pool for Camden High School. The pool will be financed by the High School District by drawing on its accumulated reserves, to be repaid over a period of years from the recreation tax.

volved stymied the Commission from ordering the engineer to make such a survey. Commissioner Hollis Logue made a motion to have such a study made but withdrew it when it was pointed out that there was no money available.

Commissioner Les Harmon's motion to adopt the city engineer's recommendation (center-line remain as is with land taken equally from both sides) almost made the grade. Commissioners Logue and Kenneth Priestley cast the negative votes with Chairman Homer Hyde, Commissioners Sam O'Brien, Ted Solari and Harmon voting yes. But it takes two-thirds majority for such a motion to pass. Commissioner J. L. Tomlinson was absent.

Priestley's motion, made immediately after the vote on the other asking for funds from the Council to make a comprehensive survey also lost by the same count—4 to 2.

The meeting ended on an optimistic note with all the Commissioners looking forward to Barret's strip-map show at the next meeting on October 5.

Alameda County line on the north. The western boundary is roughly marked by Stevens Creek, and the Santa Clara-Los Gatos road forms the eastern boundary.

Cost of the project in the North-central zone is estimated at $4,941,000. Countywide the improvements will cost an estimated $13,556,000. The bond will be paid off in a 30-year period by all residents protected by the projects.

The immediate need for the improvements offered by the program are evident in the case of the Calabazas Creek watershed, an area of about 15 miles between Sunnyvale and Cupertino. All Federal Housing Authority loans to prospective home buyers in the watershed area have been stopped. Flood control district officials point out that this could happen on almost all the creeks in Santa Clara County.

The FHA has indicated that the only areas in which they will unquestionably give approval to are in the lower Ross Creek area and in the Milpitas area where projects have already been completed.

Prevent Flooding

The prime purpose behind the flood control program is, of course, prevention of property being inundated by water. The aspects of water control, however, are not to be overlooked, particularly those which will contribute to the economic development of an area. If the water conservation district comes in at a later date and gets approval of dam construction bonds, the present plan will be changed. Channels will not be dredged to the depths now contemplated, and the money will be used to assist the dam building jobs.

Following is a run-down on the estimated cost of the program for the Northcentral zone: Average tax rate over 30 years, 11 cents; first year 31, second year 23.1 cents.

Alternate Plan

The alternative way of financing the program would be by a so-called "pay-as-you-go" method. Donald Currlin, manager-counsel for the flood control district said last week that a pay-as-you-go method would prolong the work and increase the danger of future flooding. Average tax rate over a ten year period under this method would be 31.5 cents. The first year's tax rate would be 38.4 cents, and the tenth year's 26.0 cents. Cost would be appreciably higher under the pay-as-you-go system.

Currlin gave the breakdown of costs for the projects in the North-central zone as follows: Calabazas, $607,000, improvement to the bay from El Camino Real and $345,000 for upstream; San Tomas Aquino, $1,950,000; Saratoga, $260,000; Regnart, $211,000; east Sunnyvale outfall, $1,282,000; and west Sunnyvale outfall, $534,000.

The extreme length of San Tomas Aquino Creek necessitates the large amounts to be spent on improvements for that creek.

Kiwanis Quartet, with Herbert Neale, Howard Guilbert, C. P. Klassen and Lloyd Nelson, presented a group of vocal numbers, and the Kiwanis Trio, with Art Mayo, Jack Fischer and Norm Corvello, also performed.

Moose Booster Meet Tomorrow

A film on "Mooseheart" and "Moosehaven" will be shown at the Campbell Moose Lodge booster meeting tomorrow night at 8 in the Fred Stubblefield home at 321 Shamrock Drive in Campbell.

LeRoy Brooks of Salinas, Bay Area vice president and district membership chairman, will show the film and give a history of "Mooseheart", home for orphaned children of Moose Lodge members, and "Moosehaven", home for elderly members and their wives. Brooks will also answer questions following his talk.

All members who have already signed up are welcome to come and bring their friends who may be interested in knowing more about the lodge.

Aviation Problems Told to Rotarians

Overcoming some of the problems and hazards encountered in planes and guided missiles travelling at high speeds, was the topic discussed by Daniel S. Wentz, II, aeronautical specialist from Ames Laboratory at Moffett Field, when Campbell Rotary Club met last Monday.

Wentz used a film to show terrific heat generated by planes flying at high speeds, including a motor that was completely disintegrated by 1600 degree heat produced when a plane is flying 3500 miles per hour. He pointed out that Ames Laboratory is the country's second largest research unit in the National Advisory Committee on Aeronautics. Eddie Tonini, chairman for the day, introduced Wentz.

Saratoga Votes Itself 15th City

Saratoga became the County's 15th city last Tuesday by the slender margin of 1,689 to 1,529 on the balloting. It will be the seventh largest city in the County. About 75 per cent of the city's 4,475 voters cast ballots.

The city covers an area of 12 square miles and boasts a population of approximately 9,000.

Chief reason for the incorporation was listed as the wish to keep the area rural and provide home rule. The citizen's committee has maintained that the city can be run on a 13½-cent tax rate, with a minimum of services and government provided.

Free Spudnuts at Grand Opening

The Spudnut Shop at 732 N. San Jose-Los Gatos road will hold its official opening this coming Friday and Saturday, according to George Carter, the new manager. Everyone who comes into the store between 2 and 4 p.m. will receive a free spudnut.

Carter recently assumed management of the store. The previous owner was Bill Johnson of Campbell who was forced to drop out due to a heart attack.

Carter hails from Salt Lake City, Utah, where, he said, the spudnut was born. He was associated with spudnut people in Salt Lake.

Life Saving Class

A Red Cross life saving swimming course will be offered at the Campbell High School pool starting Saturday, October 29, Leonard Scroggins, swimming coach, announced this week.

The lessons will take place from 9 a.m. to 12 p.m. and will run for seven consecutive Saturdays. There will be a facility charge of $1.50 per pupil.

The groups will be divided into junior and senior classes, Scroggins said. Age limit for the junior class is 12, for the senior 16. Those intending to participate must bring their own suit and towel.

October Dates Set For Polio Clinic

Public polio vaccination clinics for the month of October are scheduled for Wednesdays, October 3, 10, 17, 24, and 31 at the Santa Clara County Health Department, 2220 Moorpark Ave., San Jose from 2 to 4 p.m.

W. Elwyn Turner, M.D., Director of Public Health, stated that children through 19 years of age, and expectant mothers, will be eligible to receive vaccine. Those under the age of 12 should be accompanied by a parent or guardian, since written permission must be given for the vaccinations. A signed statement of consent will be acceptable.

Expectant mothers, also eligible, must present written permission from their private physicians.

Dr. Turner reported that third injections will be given at all Health Department clinics seven months after the second shot.

Quito - Saratoga Kiwanis Meets

A load of "Petaluma Potash" with nowhere to stash it, was an amusing illustration of what could happen when a broker uses the wrong voice inflection in quoting the market to a client, when Robert Dwyer, stock brokerage representative, spoke informally at Quito-Saratoga Kiwanis meet last week.

Dwyer described stock markets, including those in New York and San Francisco, and told of various types of stocks and some of his own experiences in the brokerage business.

Bob Bostwick was chairman for the evening.

Freeway Strip to Open Within Three Weeks

The eight-tenths mile section of freeway between South Los Gatos and Saratoga Ave. should be open for traffic within the next three weeks, according to officials of the L. C. Smith Construction Co.

The section will eventually be part of the proposed route 5 freeway system which will extend from highway 17 north of San Jose.

At present a large rock hillside at the south end of the project is holding up construction. The mass of stone has been slipping because of springs.

Commercial Type Vehicles Get Licenses Soon

Owners of commercial vehicles have been reminded by State Motor Vehicles Director Paul Mason that application for last-quarter registration renewal must be made on or before October 5.

The optional quarterly renewal privilege is extended under the law to registration of commercial vehicles subject to weight fees, as a convenience to owners who use their equipment for seasonal hauling.

At the October renewal, quarterly registrants will receive for the first time new license plates. The plates, dated 1956, will remain with the vehicles for four years, as in the case of passenger cars, and at each subsequent quarterly renewal tabs or stickers will be issued in colors to designate the particular quarter for which the vehicle is registered.

Because of the new plate issue for the last quarter of 1956, owners may register at any regular full time Department of Motor Vehicles branch office. Renewals applied for by mail must be postmarked before midnight, October 5, to be free of penalty.

City Shows 1.04 Tax Delinquency

Only 1.04 percentage of property tax payers in the City of Campbell were delinquent in their tax bills during the 1955-56 fiscal year, Roy P. Emerson, county tax collector, has reported.

The percentage of delinquency countywide was .093 compared to .865 in the previous year. The total tax charge in the county was $38,026,368.89 with $354,042.32 going delinquent. Delinquency in the unincorporated areas was 1.25 per cent. Of the 14 cities Milpitas had the lowest rate of delinquency (.20) while Morgan Hill took high honors with 3.72.

The percentage of delinquency in the other cities was: Alviso, 1.37; Gilroy, .70; Los Gatos, .87 (city tax not included); Mountain View, 1.23; Palo Alto, .67 (city tax not included); Santa Clara, .40; Sunnyvale, .68; Campbell, 1.04; Los Altos, .99; San Jose, .78.

Other collections during the year the tax collector reported totaled, $1,673,159.68 in unsecured personal property taxes, licenses and other fees.

CORRECTION

In our report of the death of Mrs. Lida Mary Saunders last week, The Press incorrectly listed Barney Evarts and T. R. Evarts as her surviving sons, instead of her brothers.

LEGAL NOTICE

RESOLUTION NO. 12548

RESOLUTION OF THE COUNCIL OF THE CITY OF SAN JOSE GIVING NOTICE OF THE PROPOSED ANNEXATION OF CERTAIN UNINHABITED TERRITORY TO SAID CITY; DESCRIBING SAID TERRITORY AND DESIGNATING IT BY THE NAME MADERA NO. 8; MAKING CERTAIN FINDINGS RESPECTING SAID PROPOSAL; AND GIVING NOTICE OF TIME AND PLACE SAID COUNCIL WILL HEAR PROTESTS THERETO.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF SAN JOSE:

WHEREAS, on the 4th day of September, 1956, there was filed with the Council of the City of San Jose a petition requesting the annexation to the City of San Jose of all the territory hereinafter described; and

WHEREAS, this Council has received evidence showing that, and finds that, a written description of the proposal to annex said territory to the City of San Jose was filed with the Secretary of the Boundary Commission of Santa Clara County, California, on August 14, 1956, and that said Boundary Commission has prepared, or caused to be prepared, a report to the proponents of said annexation upon said annexation proposal, all as required by law, and that said Boundary Commission has approved the boundaries of said proposed annexation; and has received evidence showing, and finds that the above mentioned petition was not circulated, signed or filed with this Council until after said Commission had made, or caused to be made, said report and had approved said boundaries; and

WHEREAS, this Council further has received evidence showing, and finds:

(1) That said territory is situate immediately adjacent to and touches and is contiguous to the boundaries of the City of San Jose; and

(2) That less than twelve registered voters resided within said territory at the time the above mentioned petition was filed with this Council, and that said territory is therefore uninhabited; and

(3) That said petition is signed by owners of not less than one-fourth of the land in said territory by area, and by assessed value as shown on the last equalized assessment roll of the County of Santa Clara, California, in which said County such territory is situated; NOW, THEREFORE:

1. NOTICE IS HEREBY GIVEN that, pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939, a petition signed by owners of not less than one-fourth of the land in the hereinafter described territory by area, and by assessed value as shown on the last equalized assessment roll of the County of Santa Clara, California, requesting annexation of the hereinafter described territory to said City of San Jose as uninhabited territory pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939 of the State of California, was filed with the Council of the City of San Jose on September 4, 1956;

2. NOTICE IS HEREBY GIVEN that Monday, October 22, 1956, at the hour of 8:00 o'clock P. M., of said day, in the Council Chambers of the Council of the City of San Jose in the City Hall of said City of San Jose, Santa Clara County, California, is the time and place this Council of the City of San Jose will hear protests made by any person owning real property within the territory, hereinafter designated and described, proposed to be annexed to the City of San Jose. At any time before the hour set for hearing objections any owner of property within the territory proposed to be annexed to the City of San Jose may file written protest against the annexation. Said written protest shall state the name of the owner of the property affected and the description and area of the said property in general terms. At the time set for hearing protests, or to which the hearing may be continued, said Council shall hear and pass upon all protests so made.

3. The City Clerk of the City of San Jose is hereby directed to cause a copy of this resolution to be published in the San Jose News, a newspaper of general circulation in the City of San Jose, and in the CAMPBELL PRESS, a newspaper of general circulation published outside the City of San Jose but within the County of Santa Clara, California, in the manner and time and as required by law, and to cause written notice of the proposed annexation to be mailed to all persons or bodies to whom such notice is required to be mailed by law, in the manner and within the time required by law.

4. The territory proposed to be annexed to the City of San Jose and hereinafter described is hereby designated Madera No. 8.

5. The above said territory proposed to be annexed to the City of San Jose is hereby described as all that territory situate in the County of Santa Clara, State of California, bounded and more fully described as follows:

Campbell High School Opens 1956 Football Season on This Friday

By Richard Ferguson

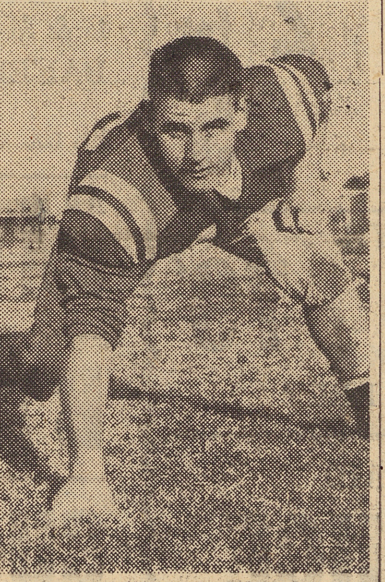
Campbell High School officially opens the 1956-57 football season this weekend when all major teams begin the regular game series.

The Campbell High School Varsity squad will meet Lincoln High at Townsend field on Saturday, while the J. V.'s will meet the Los Altos varsity on Friday. The 30's will be hosts to the Los Altos "B" squad also on Friday.

The game with Lincoln High will be a duel to the finish as last years score indicates. Lincoln will have more returning backfield men while Campbell will be stronger and more experienced on the line.

BUD SCRIBNER
. . . Game Captain

Coach Muir of the Bucs is working on a good pass defense as the airways were the main ground gainers for the Lincoln squad last year. Coach Muir states that it will be a tough game but he thinks his squad will come through with a victory.



GARY PRNJAK
. . . Game Captain

Last years promising 30's and J. V.'s will be coming up to help the returning lettermen. Among them will be Jim Corbus, last years point after touchdown man Frank Koontz, Mac Perez, Dave Alverez, Don Peterson, Ken Buran, Bill Adams, and Dennis Ore.

Team captains for Saturday nights game are Gary Prnjak and Bud Scribner.

LOW-DOWN ON SPORTS

By Marvin Moore

Play of the week

The play of the week was made by Johnny Temple of the Cincinnati Redlegs. He saved the ball by leaping high to second forcing the runner. The final score: Cincinnati 6-St. Louis 4.

Stanford Wins

The Stanford Indians beat Washington State College 40 to 26 in their first game.

Jim Lemon of the Washington Senators has tied the Strikeout record held by Dom Di Maggio for striking out the most times in one season, 134 times.

San Jose State Defeats Drake U

The San Jose State Spartans beat Drake University 26-7 in their first game of the season.

Spartans to Meet Washington State On Grid Saturday

Safely over one aerial battle, San Jose State gridders look for even more passing this week as the Spartans invade the Palouse country for a Saturday game with Washington State.

The Spartans approached several all time school and stadium passing records in defeating Drake, 26-7, Saturday, but will probably see even more overhead play this week against a Washington State team which rolled up 364 yards in losing a 40-26 decision to Rose Bowl favorite Stanford.

As a comparison, the Spartans gained 243 yards on 18 completed passes against Drake. Washington State threw 38 passes against Stanford and completed 22 for 287 yards. The 18 passes completed by the Spartans equals an all time single game high for the Golden Raiders.

Bob Reinhart, overshadowed in pre-season drills by Marv McKean, gave one of the finest exhibitions in Spartan history as he hit 13 out of 17 for 175 yards. McKean got off to a poor start and never untracked, but completed four of 10 for 49 yards.

Only one injury of note was reported—captain Charley Kaaihue suffered a broken nose and a four-inch gash over one eye, but will be ready to go at Washington State.

Coach Bob Bronzan also expects halfbacks Don Greco and Ben Guzman and fullback Claude Gilbert, all held out of the Drake game, to be ready for action Saturday.

Center Bob Marciel, guard Stan Keith, and tackle Ben Prather were new men mentioned for outstanding play in the opener while Kaaihue, tackle Jim Hughes, center Roland Logan, fullback Tuck Halsey and fullback Walt Ackemann were old hands praised.

Justweds to Make Home In Oakland

Through an archway of crossed bayonets of the Naval Air Service of Oakland, newlywed Mr. and Mrs. Norman Louis Nessel emerged from Campbell Baptist Church following their double-ring nuptials on September 8. The Rev. I. L. Boggs recited the vows.

When the bride the former Miss Gail Scribner, was escorted down the aisle on the arm of her brother, Dale Scribner, she was attired in a waltz-length gown of white imported Chantilly lace over taffetta, fashioned with a very bouffant skirt. Her short-sleeved, fitted bodice was topped off with a sweetheart neckline, and her fingertip veil was attached to a coronet. She carried a white Bible to which her cascade bouquet of white carnations was attached.

Her sister, Mrs. John Morris, was her matron of honor attired in a pink lace gown over rose-colored taffeta. She carried a French type bouquet of white carnations.

Yvonne and Andy Morris, little niece and nephew of the bride, were ring bearers.

The groom, attended by Richard Dual, his best man, and the following ushers: Allen Calderia, John Morris, Robert Casha and John Taylor.

Mrs. Tressie Scribner, the bride's mother, wore a gown of blue imported lace over taffeta and white accessories. A white carnation corsage completed her costume.

The groom's mother, Mrs. George Nessel, chose a gown of blue and white tafeta for the ceremony. With it she wore white accessories and a pink carnation corsage.

A reception honoring the couple was held in the home of the bride's mother at 24 South Second Street in Campbell, when about 125 friends and relatives of the newlyweds attended and extended their congratulations.

When the couple left for their honeymoon in northern California, the new Mrs. Nessel wore a light blue suit with white accessories and a corsage of white carnations. They are now making their home in Oakland.

The bride is the daughter of Mrs. Tressie Scribner and the late Andrew Scribner. She attended Campbell schools and is a graduate of Campbell Union High school and is presently employed by the California Savings and Loan Company in San Francisco. She has five sisters, Mrs. Georgie Caffrey, Mrs. Gordon Perry, Mrs. Johnny Morris, Mrs. J. D. Alexander and Miss Patsy Scribner, also a brother, Dale (Buddy) Scribner.

The groom is the son of Mr. and Mrs. George Nessel of Palo Alto, and a graduate of Menlo-Atherton High school. He is now serving in the U. S. Navy, stationed in Oakland. He is a member of the drill team which formed the archway for the couple after the ceremony. He has a brother, Eddie Nessel, and a sister, Diane Nessel.

Local FHA Girls Win Fair Honors

Sweepstakes winners in the Future Homemakers of America booth at this year's County Fair were Carol Young and Sylvia Barkman, local high school students.

Carol was a sweepstakes winner in the baked goods division, besides receiving six other blue ribbons for her baked goods. She also received two first prizes and a third for her baking.

Sylvia won her sweepstakes in the sewing division besides two other blue ribbons in the sewing class.

Other FHA girls from Campbell High School were awarded blue ribbons. Carol Steinmetz won a first for her canned apricots and two blue ribbons in the sewing class; Jeannette Hiland came in first with her apple jelly and Frances Rodriguez for canned tomatoes. Sonja Benson won four blue ribbons for her baked goods and Leora Scattini also came in first in the baked goods division.

A sponge cake brought Jan Polglase a blue ribbon and she also won a first place in the sewing class. Darlene Testa won a first for canned plums, and Jeanette Bonney got a first in the sewing division for a wool skirt she made. Many other girls were second and third place winners.

Local FHA girls, together with similar groups from Camden, Los Gatos and James Lick high schools, gave baking and sewing demonstrations at their booth.

Mrs. Adele Charlson and Miss Yvonne Waskow, home economics instructors at the high school, are co-advisors of the local group and their enthusiasm, interest and guidance sparked the interest of the girls in working toward their achievements.

Local BPW Joins National Observance Of National Business Women's Week

Emphasizing the spirit of cooperation among working women, the Campbell Business and Professional Women's Club this week joined with six other similar groups in the surrounding area in observance of National Business Women's Week, when they took part in a number of activities. Last Monday morning members attended a meeting of the County Supervisors in San Jose, and on Tuesday evening, took part in a B.P.W.C. panel discussion on KNTV, television channel 11. On Wednesday evening the group met for dinner at the Hotel Sainte Clarie in San Jose when their guest speaker was Leona Ward, National News Service chairman. This evening at 8 a tour through Pacific Telephone and Telegraph Company in San Jose is scheduled. Radio spots and interviews have also been scheduled throughout the week.

The Campbell group, although comparatively new, looks back on a number of worthy achievements since organizing in 1948. They received their charter on June 15, 1948 with thirty-two members. Winifred Goodell was elected their first president.

In 1949 the club spearheaded the drive to light the baseball field at Campbell Grammar School and under the chairmanship of Mary Cole, the task was successfully completed and Campbell had its first night recreation center.

Through the years the club has maintained a membership in the local Chamber of Commerce and participated in its activities. It has helped with every Community Chest drive since its organization and given a helping hand to needy families at Christmas time. From 1950 to 1955, members carried on a veterans program and in cooperation with the American Red Cross, time and supplies were given to the Palo Alto Veterans Hospital.

After the death of the first president in 1953, a scholarship was inaugurated in her honor and each year a $100 scholarship is presented to a deserving high school girl graduate.

The Campbell club is ever conscious of its objective "To elevate the standards of women in business and the professions." It has contributed to maintaining a national headquarters in Washington, D.C., for the purpose of obtaining equal rights for women throughout the world.

Mrs. Emily McConnell, co-owner of Rachel's Dress Shop here, is this year's president of the local Business and Professional Women's Club.

Moreland PTA Has Potluck Dinner

More than 250 parents attended the P.T.A. potluck dinner meeting at Moreland School cafetorium last week, when Mrs. George Robertson spoke on the election next Tuesday, when district residents will go to the polls to vote on the issue permitting the district to borrow $2,000,000 in state funds for new buildings and school sites.

Another issue in next week's election will be a tax increase to take care of school maintenance, including salaries, utilities and bus transportation, besides other routine bills. Mrs. Robertson stated the additional funds are required to meet the needs of increasing enrollment in the district, which showed an increase of 566 this fall, over last year's enrollment of 964 at opening date, with enrollment expected to reach 1730 by the end of the school year.

Mrs. Gussie Baker, district superintendent, told parents that some changes may have to be made in the present bus schedule, due to the problems involved in increased enrollment.

Frank Maggi, PTA president, introduced executive members and Frank Lovoi, principal, introduced faculty members.

St. Lucy's Women Plan Rummage Sale

St. Lucy's Women's Club has set October 4 and 5 for their rummage sale to be held at 145 North Market St. in San Jose.

Anyone wishing to donate articles for the sale may call Mrs. Louis Bogner at FRanklin 8-3941 or either of the rummage sale co-chairmen: Mrs. Art Wagner, FRanklin 8-4334 or Mrs. Leslie Fairchild, FRanklin 8-3258.

The regular club meeting scheduled for October 4, has been postponed to the following Thursday, October 11.

A $10,000 model of a hopper dredge—often called a sea-going vacuum cleaner—is another item. These dredges have been seen in ship's chanels throughout the south bay, most often in Redwood City Harbor.

LEGAL NOTICE

NOTICE TO CONTRACTORS

The City Council of the City of Campbell, California, invites and will receive sealed proposals up until 2:00 P.M., October, 8, 1956, at the office of the City Clerk, 41 North Central Avenue, Campbell, California, for the "Improvement of Winchester Road," at which time they will be opened and publicly read. The Plans, Specifications and Contract Documents for said work are on file at the office of the City Engineer, 18 North San Pedro Street, San Jose, California.

The City Council reserves the right to reject any and all bids and to waive any informality in any bid received.

Certified check or bidder's bond in the amount of ten per cent (10%) of the bid shall accompany the proposal, drawn to the order of the City of Campbell, as a guarantee that the bidder will, after being notified of the acceptance of his bid, enter into a contract with the City of Campbell in accordance therewith.

The successful bidder will be required to furnish bonds as specified in the amounts of 100 per cent of contract price for faithful performance of the contract, and 50 per cent of the contract price to guarantee payments for labor and materials.

Pursuant to the Labor Code of the State of California, the City of Campbell has ascertained the general prevailing rate of per diem wages for each craft or type of workmen needed to execute the contract which will be awarded the successful bidder; and these prevailing rates are on file in the office of the City Clerk of the City of Campbell and as are follows:

HOLIDAYS: New Year's Day, Admission Day, Armistice Day, Thanksgiving Day, Memorial Day, Independence Day, Labor Day and Christmas Day.

NOTE: Saturdays and Sundays, where a craft works a five day week, and/or where schedule of crafts provide, overtime shall be paid at the rate of double time, except where otherwise provided.

It shall be mandatory upon the Contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers, workmen, and mechanics employed by them in the execution of the contract.

Contractors who propose to have subcontractors perform work or labor or render service to them in or about the work should designate in their bid the names and location of the places of business of each subcontractor who will perform such work, labor or render service, in an amount in excess of one-half of one per cent of the Contractor's bid.

All bids are to be made out on forms furnished by the City of Campbell.

The special attention of prospective bidders is called to the "Proposal Requirements and Conditions" for full directions as to bidding, etc. A deposit of fifteen dollars ($15.00) will be required from all contractors receiving plans; ten dollars ($10.00) will be refunded by the City of Campbell when plans and specifications are returned in good condition.

LEGAL NOTICE

RESOLUTION NO. 12547

RESOLUTION OF THE COUNCIL OF THE CITY OF SAN JOSE GIVING NOTICE OF THE PROPOSED ANNEXATION OF CERTAIN UNINHABITED TERRITORY TO SAID CITY; DESCRIBING SAID TERRITORY AND DESIGNATING IT BY THE NAME EASTERBROOK NO. 4; MAKING CERTAIN FINDINGS RESPECTING SAID PROPOSAL; AND GIVING NOTICE OF TIME AND PLACE SAID COUNCIL WILL HEAR PROTESTS THERETO.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF SAN JOSE:

WHEREAS, on the 11th day of September, 1956, there was filed with the Council of the City of San Jose a petition requesting the annexation to the City of San Jose of all the territory hereinafter described; and

WHEREAS, this Council has received evidence showing that, and finds that, a written description of the proposal to annex said territory to the City of San Jose was filed with the Secretary of the Boundary Commission of Santa Clara County, California, on August 28, 1956, and that said Boundary Commission has prepared, or caused to be prepared, a report to the proponents of said annexation upon said annexation proposal, all as required by law, and that said Boundary Commissiion has approved the boundaries of said proposed annexation; and has received evidence showing, and finds that the above mentioned petition was not circulated, signed or filed with this Council until after said Commission had made, or caused to be made, said report and had approved said boundaries; and

WHEREAS, this Council further has received evidence showing, and finds:

(1) That said territory is situaate immediately adjacent to and touches and is contiguous to the boundaries of the City of San Jose; and

(2) That less than twleve registered voters resided within said territory at the time the above mentioned petition was filed with this Council, and that said territory is therefore uninhabited; and

(3) That said petition is signed by owners of not less than one-fourth of the land in said territory by area, and by assessed value as shown on the last equalized assessment roll of the County of Santa Clara, California, in which said County such territory is situated; NOW THEREFORE:

1. NOTICE IS HEREBY GIVEN that, pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939, a petition signed by owners of not less than one-fourth of the land in the hereinafter described territory by area, and by assessed value as shown on the last equalized assessment roll of the County of Santa Clara, California, requesting annexation of the hereinafter described territory to said City of San Jose as uninhabited territory pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939 of the State of California, was filed with the Council of the City of San Jose on September 11, 1956;

2. NOTICE IT HEREBY GIVEN that Monday, October 22, 1956, at the hour of 8:00 o'clock P.M., of said day, in the Council Chambers of the Council of the City of San Jose in the City Hall of said City of San Jose, Santa Clara County, California, is the time and place this Council of the City of San Jose will hear protests made by any person owning real property within the territory, hereinafter designated and described, proposed to be annexed to the City of San Jose. At any time before the hour set for hearing objections any owner of property within the territory proposed to be annexed to the City of San Jose may file written protest against the annexation. Said written protest shall state the name of the owner of the property affected and the description and area of the said property in general terms. At the time set for hearing protests, or to which the hearing may be continued, said Council shall hear and pass upon all protests so made.

3. The City Clerk of the City of San Jose is hereby directed to cause a copy of this resolution to be published in the San Jose News, a newspaper of general circulation in the City of San Jose, and in the CAMPBELL PRESS, a newspaper of general circulation published outside the City of San Jose but within the County of Santa Clara, California, in the manner and time and as required by law and to cause written notice of the proposed annexation to be mailed to all persons or bodies to whom such notice is required to be mailed by law, in the manner and within the time required by law.

4. The territory proposed to be annexed to the City of San Jose and hereinafter described is hereby designated Easterbrook No. 4.

5. The above said territory proposed to be annexed to the City of San Jose is hereby described as all that territory situate in the County of Santa Clara, State of California, bounded and more fully described as follows:

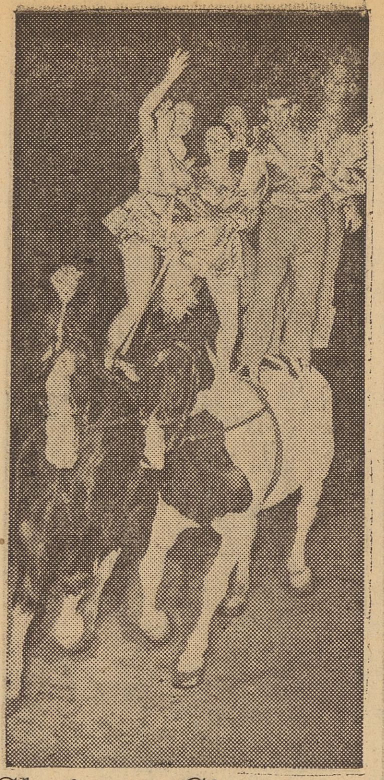
CHP Says School Bus Safety Is Concern of All

School bus safety is the responsibility of every motorist says the California Highway Patrol.

"School buses are now rolling, carrying our children to and and from school," Patrol Commissioner B. R. Caldwell reminded this week, "and accident free driving by school bus drivers will require full attention to the law by all concerned.

"The law requires motorists to stop and not pass a standing school bus when the two red lights on top of the bus are flashing," Caldwell emphasized. "Although, it is not necessary to stop before a stopped school bus when no red lights are flashing, it is prudent to be prepared for any unexpected move by the children getting on or off the bus.

"School bus drivers are permitted to use the flashing red light only when children must cross the highway," he continued. "With school starting, all of us should be mindful of the school bus law and help keep our children alive. Always expect the unexpected of school children."



Shriners Circus Runs in San Jose For Entire Week

A center of attraction for the young at heart throughout this section will be the 13th annual Santa Clara Valley Shrine Club-Polack Bros. Circus now going on at the San Jose Civic Auditorium. Starting Wednesday it will continue twice daily through Tuesday, October 2.

The schedule calls for performances at 3:15 and 8:15 school days, at 2:15 and 8:15 Saturday, and at 2:15 and 6:00 Sunday.

Throngs of children who otherwise would not be able to attend will be brought to the school-day matinees from a broad radius, their chance to see the circus made possible by blocks of donated tickets.

Boasting a predominantly new assemblage of international circusdom's choicest talent, this year's circus offers the following outstanding features:

Aerial achievements by the Flying Palacios, the High Wire Torreanis, Lalage and Barbette's Aerialovelies and Birdcage Girls.

Attainments in animal education by Antonucci's Chimps, Victor Julian's Pets with the "fashion show" dogs, the Dorchester Troupe with their horses and the Besalou Elephants with Baby Opal.

Acrobatic accomplishments by the Atomics, the Kovacs, Jan Risko & Nina and the Ronnie Lewis Ensemble, directed by Barbette.

Barbette's gala mardi gras frolic, "Festival du Cirque".

Famous clowns headed by Lou Jacobs and including Rudy Docky, the Sherman Brothers, Harold Simmons and Jackie Gerlich.

Charles Braden Father of Local Librarian, Dies

Charles Baxter Braden, 75, pioneer Wells Fargo Stage driver in the Willits, Belle Springs and Harris areas, and a member of a California pioneer family, passed away in a San Jose hospital recently, after a lengthy illness.

He was the father of Mrs. George T. Simons, Campbell's librarian, with whom he made his home for the past ten years, before entering a rest home in Saratoga during a long illness.

A native of Laytonville in Mendocino County, he moved to Geyserville in 1906 where he was engaged in ranching until his retirement ten years ago.

Besides Mrs. Simons, he is survived by another daughter, Mrs. Ethel Dubbers of Taft, and a sister, Mrs. Nellie Bidwell of Hayward, also three grandsons.

Private cremation services were held at 9 a.m. last Tuesday at Melvin Mortuary in Los Gatos, with The Rev. T. Hurlburt of the First Christian Church in Los Gatos officiating. His ashes will be taken to the family plot at Olive Hill Cemetery near Geyserville.

The Quito-Saratoga Kiwanis Club is champion of the local Kiwanis Softball League.

A Ranch breakfast will be held at the Family Shopping Center sometime in October. Ed Fox will be in charge.

The Floor Scratcher's September dance was held at Sherry Wolfe's house. It was "Memory Night", and everybody brought the records most enjoyed since the group organized on February 24, 1956. A brief business meeting was held, and Mike Byrd was elected President, Bob Johnson Vice-President, Judy Feltman Secretary, Judy Ott, Treasurer, and Eunice Stadefore, Historian.

The pot-luck dinner to be held this Friday night at 6:30 was the main topic discussed at the Quito Campbell PTA Board Meeting last week. The Executive Board is very anxious to put across the idea that the main function of the PTA is education. Standing committees are kept in Washington, D. C., for the Congress, in Sacramento for the legislature, and here in the county for the Board of Supervisors.

Only when the local parents in each school are solidly behind the school's PTA, can these state, national and county committees be meaningful. The Potluck dinner is an attempt to meet all the parents so that the Quito Campbell PTA may be assured that it is expressing the will of the community. One of the topics discussed will be the cost of PTA membership at this school.

Peggy Elmore, chairman of the Potluck dinner wishes to stress the fact that there will be three courses, salad with bread, main dish, and dessert. Whichever one you choose to bring, bring three times as much as your family will eat. Then you can trade off two thirds of your contribution for the other two courses, and there is sure to be enough food.

Al Rueter will act as Cubmaster for the September meeting of Cub Scouts, but he has moved to Prospect Road, and the Pack will have to get a new Cub master, since his children will attend Den Meetings in the Pack closer to their new home.

The Sew-and-so Club met at Jo Smith's last week for coffee and chocolate cake, together with the customary evening of sewing and conversation.

GOODWILL APPEALS

Santa Clara County residents have been urged to dig deep in their closets and garages for materials that can be used by Goodwill Industries. David D. Blair, executive director for Goodwill, told of the continued need for clothing, shoes, household items and furniture that will be used to help the 130 handicapped persons at Goodwill Industries in San Jose and the 15 others in Palo Alto.

SAN TOMAS SUMMARY

The Smith Ave. Sewing Club celebrated the birthday of Mrs. John Schneider with a shower of birthday cards and a candle lit cake at their pot-luck lunch last week.

Mmes. C. L. Lisenby, Don R. Given, Clinton Bumpas, Letzel Hooveh, Howard Greer, with daughter Barbara, Orrin Lawson with son David, Dyke Pipkin and H. G. Blohm were among the women who attended.

The Sewing Club is dressing dolls for the Goodwill Industries to sell, The money will be used to help the Goodwill in its work with the handicapped.

Claudia Peterson announces that the two day training program for Bluebird or Campfire leaders will be held Monday October 29 and Friday November 2 from 9:15 until 3:00 at the Congregational Church in Campbell.

The Training Certificate will be awarded for completion of the two day session. Any adult interested in working with girls in Bluebird or Campfire groups is welcome to attend. Leaders are urgently needed to start new groups.

Boy Scout Explorer Post 30 is in the process of formation, with Walter Hancock as adviser, but, due to a lack of leaders, there will be no Boy Scout Troop, as of this writing.

Girl Scout Troop 229 held its first Fall meeting Monday and elected new patrol leaders. This Saturday The Auxiliary of the Veterans of Foreign Wars is to present the Troop with an American flag.

Cub Pack 30 will hold its first pack meeting Friday night with a dessert Potluck.

REPRESENTATIVE IN CONGRESS
TENTH DISTRICT, CALIFORNIA

Every once in a while, somebody asks me to outline briefly just what is included in a congressman's responsibilities and concern. The briefest answer I can think of is "nearly everything." While this may be an overstatement, it's only a small one. Certainly, the scope of a congressman's duties covers almost every conceivable subject, and if one had to sit down and write what personnel experts call a "job description", it would turn out to be a book as fat as the Washington telephone directory.

If Nasser makes an issue over the Suez Canal, every Member of the United States Congress is concerned. The same holds true, in varying degrees, for events anywhere else in the world. On the national scene, members are called upon to vote upon every single law passed by congress, and as members of congressional committees, they have a personal share in actually preparing a fraction of the total, participate in hearings, and often frame the actual language of the bill. As representatives of 435 districts, the members of congress must weigh the importance of each measure to their own constituencies. Besides being lawmakers, they are above all repre- their dealings with the federal government. sentatives of their constituents in

All this is important, and all this is serious business. It must be kept in mind, however, that issues such as Suez and other matters of international and national scope affect equally every corner of the land, and thus everyone of the 435 congressmen and 96 senators. However(when it comes to the individual problem of one citizen, or the needs of one county or district, only one voice is immediately available on Capitol Hill, and that belongs to the representative from that particular area.

Thus, local significance is just as vital to a congressman's job as it is to the newspaper editor. An issue is sure to be heard in Congress if it affects everybody, but when it comes to one limited area, an airport control tower, a clogged river channel, an overcrowded hospital, or a citizen in need of quick action by a government agency—then is the time when just one congressman carries the ball, and to the people of his district, that phase of his job is likely to be considered every bit as vital as the decisions of international conferences and the passage of national laws.

MORELAND MUSINGS

Isabelle Pechin
FR 8-8040

Brownie neighborhood chairmen from El Quito Park, Bucknall, and Moreland met Monday night at the home of Jean Vickers on Los Felipe to outline plans for the Fall.

The First Baptist Church will close its Church School year with Promotion Sunday on September 30. Students will move from Nursery, Primary, Junior, Junior High, Highschool, High School and Adult, into the next higher age bracket, according to their new grades in school.

The following Friday will be open house for all the departments of the Sunday School. Superintendent Glenn Biggs, together with the superintendents of the various departments will greet parents and children in the Sunday School rooms, and refreshments will be served in each department. Sunday, October 7, will open the new school year with a Rally Day program. Margo Hopkins, Church Organist, and Judy Clark, church pianist, will help with the music.

El Quito Park School is now on double session, with the Strawberry Park children going to school there in the afternoon. Principal David Graves expects to open the Strawberry Park building November fifth, when his charges will be able to attend school there all day, and El Quito Park will also be able to resume regular session.

Second grade girls attending Strawberry Park will receive slips from the Brownies for an October 2 organization meeting. Nadine Webb at AX 6-7281 would be very grateful for a phone call from mothers who are interested in Brownies and Girl Scouts. She desperately needs a troop organizer and a troop consultant. Because of the shortage of leaders no attempt can be made at present to organize any of the older girls.

LEGAL NOTICE

ORDINANCE NO 112

AN ORDINANCE OF CITY OF CAMPBELL ESTABLISHING A SALES AND USE TAX ON RETAIL SALES, PROVIDING FOR THE COLLECTION AND PAYMENT OF SALES TAX, BEING PART OF ARTICLE X OF THE CAMPBELL MUNICIPAL CODE ENTITLED REVENUE AND TAXATION.

The City Council of City of Campbell does ordain as follows:

Chapter One, Part 1

Section 20.00 SALES TAX, IMPOSITION AND RATE OF TAX. For the privilege of selling tangible personal property at retail a tax is hereby imposed upon all retailers at the rate of one percent (1%) of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in the City of Campbell on or after October 1, 1956. The tax imposed by this ordinance is in addition to any and all other taxes imposed by any other ordinance of the City of Campbell.

Section 20:01 TAX LEVIED IN SAME MANNER AS STATE TAX. The tax hereby levied, except as otherwise herein provided, is levied in the same manner, to the same extent and under the same conditions as sales taxes are levied pursuant to Part 1 of Division 2 of the California Revenue and Taxation code, known as the "Sales and Use Tax Law," as amended and in force and effect on October 1, 1956.

Section 20:02 ADOPTION OF STATE SALES' TAX LAW BY REFERENCE. EXCEPTIONS.

A. All of the provisions of the "Sales and Use Tax Law," as amended and in force and effect on October 1, 1956, except the provisions thereof pertaining solely to the "Use Tax" and Sections 6051, 6052, 6053, 6066, 6067, 6068, 6069, 6070, 6071, 6451, 7052, 7056, 7101, 7102, 7151, 7152, 7153, applicable to sales of property at retail, are hereby adopted and made a part of this ordinance as though fully set forth herein, and all provisions of any other ordinance in conflict therewith are inapplicable to this ordinance and the tax hereby imposed.

B. The term "gross receipts", as used herein, does not include the amount of any tax imposed by the State of California upon or with respect to retail sales whether imposed upon the retailer or upon the consumer.

C. For the purposes of this ordinance, all retail sales shall be presumed to have been consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. Delivery charges shall be included in the gross receipts by which the tax is measured, regardless of the place to which delivery is made, when such charges are included in the measure of the sales or use tax imposed by the State of California. In the event a retailer has no permanent place of business in the State of California, or has more than one place of business, the place or places at which retail sales are consummated shall be as determined under rules and regulations prescribed and adopted by the City Council of the City of Campbell.

D. All of the provisions of the "Sales and Use Tax Law" hereby adopted, providing for the adoption of rules and regulations and for hearings on the part of the State Board of Equalization, shall be performed by the City Council of the City of Campbell. All other provisions of the "Sales and Use Tax Law" hereby adopted, providing for the performance of official action on the part of the State Board of Equalization shall be performed by the City Clerk of the City of Campbell.

E. The City of Campbell shall be deemed substituted for the State of California whenever the State is referred to in said "Sales and Use Tax Law."

F. The City Attorney of City of Campbell shall be deemed substituted for the Attorney General whenever the Attorney General is referred to in said "Sales and Use Tax Law."

G. The City Auditor of the City of Campbell shall be deemed substituted for the State Controller whenever the State Controller or State Board of Control are referred to in said "Sales and Use Tax Law."

H. The County of Santa Clara shall be deemed substituted for the County of Sacramento whenever the County of Sacramento is referred to in said "Sales and Use Tax Law."

Section 20:03. EXEMPTIONS. In addition to the exemptions contained in Part I of Division 2 of the Revenue and Taxation Code of the State of California, after October 1, 1956, there shall be excluded from the computation of the tax gross receipts from:

A. The amount of any sales or use tax imposed by the State of California upon a retailer or consumer.

B. Receipts from the sale of tangible personal property upon which a sales or use tax has become due by reason of the same transaction to any other city and county, county other than Santa Clara County, or city in this state under a sales or use tax ordinance enacted by that city and county, county other than Santa Clara or city in this state, whether in accordance with, or purporting to be in accordance with part 1.5 of Division 2 of the Revenue and Taxation Code of the State of California, or in accordance with the organic law of any such city.

C. Receipts from sales to operators of common carrier and waterborne vessels of property to be used or consumed in the operation of such common carriers or waterborne vessels principally outside of this City.

D. Sales made pursuant to contract actually executed in good faith prior to the effective date of this ordinance.

Section 20:04. ADOPTION OF RULES AND REGULATIONS BY REFERENCE. INTERPRETATIONS. The rules and regulations of the State Board of Equalization as amended and in force and effect October 1, 1956, pertaining to the interpretation, administration and enforcement of the "Sales and Use Tax Law," insofar as applicable, except Rule No. 55 (Section 2015, Title 18, California Administrative Code, Sales & Use Tax) shall apply in the interpretation of this ordinance until specifically abandoned by the rules and regulations adopted by the City Council of Campbell pursuant to this ordinance. The word "City" shall be deemed substituted for the word "State" whenever the word "State" appears in said rules and regulations.

In lieu of Rule No. 55, specifically excepted above, the following interpretations shall apply in the administration of this ordinance:

A. The sales tax DOES NOT apply to sales of property which is:

(1) Imported into this City from a foreign country and sold by the importer in the original package in which imported.

(2) Sold to foreign purchasers for shipment abroad and delivered to a ship, airplane, or other conveyance furnished by the purchaser for the purpose of carrying the property abroad and actually carried to a foreign destination, title and control of the property passing to the foreign purchaser upon delivery, and no portion of the property being used or consumed in the United States. Copies of U. S. Customs Shippers' export declarations filed with the Collector of Customs must be obtained and retained by retailers to support deductions taken under this paragraph. The tax applies to the transaction if the property is diverted in transit or for any reason not actually delivered outside the City pursuant to the contract of sale or not shipped abroad by a foreign purchaser, regardless of documentary evidence held by the retailer of delivery of the property to a carrier for shipment outside the City, or to a foreign purchaser for shipment abroad.

(3) Mailed by the seller, pursuant to the contract of sale, to persons in the armed forces at points outside continental United States, notwithstanding the property is addressed in care of the Postmaster and forwarded by him to the addressee. When mail is addressed to Army Post Offices (A/P/O's) in care of the Postmaster or to naval forces addressed in care of the Postmaster, it will be presumed that it is forwarded outside California. The seller must keep records showing the names and addresses as they appear on the mailed matter and should keep evidence that the mailing was done by him.

(4) Shipped to a point outside this City pursuant to the contract of sale when the property is marked for export and delivered by the retailer to the "contracting officer," "officer in charge," "port quartermaster," or other officer of the United States for transportation and delivery to the purchaser at such a point.

B. The sales tax DOES NOT apply to sales of airplanes, and parts and equipment for airplanes, transported to a point outside this City pursuant to the Contract of sale when such property is delivered to the United States Army, Navy, Air Force, Coast Guard, Marine Corps or any other agency or instrumentality of the United States for transportatiion and delivery to the purchaser or someone designated by him at that point.

C. The sales tax DOES NOT apply (either in interstate or intrastate commerce) to sales of property shipped from a point outside the City of Campbell to a purchaser inside the City of Campbell, or to the retailer's agent in the City of Campbell, for delivery to the purchaser, if none of the elements of sale, other than such delivery, takes place in the City of Campbell.

D. The sales tax DOES apply (either in interstate or intrastate commerce) to sales of property shipped from a point outside of the City of Campbell to a purchaser inside the City of Campbell, or to the retailer's agent in the City of Campbell, for delivery to the purchaser where any element of the sale, in addition to such delivery, takes place in the City of Campbell.

E. "Element of Sale" is hereby defined to include solicitation of an order, the acceptance of an order, the giving of an order, whether such order is given in person, by telephone or by mail, or the payment of the purchase price.

Section 20:05 VERBATIM EXCERPTS SHALL NOT EXCLUDE BALANCE. The inclusion of any clause, portion or part of the "State Sales and Use Tax Law," Part 1, Division 2, of the Revenue and Taxation Code of the State of California, or the rules and regulations of the State Board of Equalization, verbatim in this ordinance shall not in or of itself be deemed to exclude any of the remaining provisions of said "Sales and Use Tax Law" or rules and regulations that are made a part hereof by reference only.

Section 20:06 APPLICATION FOR PERMIT. Every person desiring to engage in or conduct business as a seller within the City of Campbell shall file with the City Clerk an application for a permit for each place of business from which taxable sales will be made. Every application for a permit shall be made upon a form prescribed by the City Clerk and shall set forth the name under which the applicant transacts or intends to transact business, the location of his place or places of business, and such other information as the City Clerk may require. The application shall be signed by the owner, if a natural person; in the case of a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application, to which shall be attached the written evidence of his authority.

Section 20:07. ISSUANCE AND DISPLAY OF PERMIT. After compliance with Section 20:06 of this ordinance by the applicant, the City Clerk shall grant and issue to each applicant a separate permit for each place of business from which taxable sales will be made. A permit is not assignable and is valid only for the person in whose name it is issued and for the transaction of business at the place designated therein; provided, however, a change of location may be endorsed upon the permit by the City Clerk. The permit shall at all times be conspicuously displayed at the place for which issued.

Section 20:08. PERMIT FEES. At the time of making an application for a permit, and at the time a change of location is enlorsed upon a permit, the applicant for a permit or for an endorsement of a change of location on a permit shall pay to the City Clerk a fee of One Dollar ($1.00).

Section 20:09. REVOCATION OF PERMIT. Whenever any person fails to comply with any of the provisions of this ordinance or any rule or regulation adopted pursuant hereto, the City Council of the City of Campbell, upon hearing, after giving the person ten days' notice in writing specifying the time and place of hearing and requiring him to show cause why his permit or permits should not be revoked, may revoke or suspend any one or more of the permits held by the person. The notice may be served personally or by mail in the manner prescribed for the service of notice of a deficiency determination under the "Sales and Use Tax Law." The City Clerk shall not issue a new permit, after the revocation of a permit unless the City Council of the City of Campbell is satisfied that the former holder of a permit will comply with the provisions of this ordinance and the rules and regulations adopted pursuant hereto and directs the City Clerk to issue such permit.

Section 20:10 RENEWAL OF PERMIT. A seller whose permit has been previously suspended or revoked shall pay the City of Campbell a fee of one dollar ($1.00) for the renewal or issuance of a permit.

Section 20:11 UNLAWFUL ACTS. A person who engages in business as a seller in the City of Campbell without a permit or permits, or after a permit has been suspended or revoked and before the renewal or issuance of a permit, and each officer of any corporation which so engages in business, is guilty of a misdemeanor.

Section 20:12 DUE DATE. The taxes imposed by this ordinance are due and payable to the City Clerk on or before the last day of the month next succeeding each quarterly period, the first quarterly payment to be due and payable on the 31st day of January, 1957. The City Clerk may require returns and payment of the amount of taxes for quarterly periods other than calendar quarters depending upon the principal place of or the nature of the business of the seller or retailer or may require returns and payment of the amount of taxes for other than quarterly periods.

Section 20:13. REIMBURSEMENT. The tax hereby imposed shall be collected by the retailer from the consumer insofar as it can be done.

Section 20:14. UNLAWFUL ADVERTISING. It is unlawful for any retailer to advertise or hold out or state to the public or to any customer, directly or indirectly, that the tax or any part thereof will be assumed or absorbed by the retailer or that it will not be added to the selling price of the property sold or that, if added, it or any part thereof will be refunded. Any person violating any provision of this section is guilty of a misdemeanor.

Section 20:15. SUIT FOR TAX. All taxes hereby levied hall be payable to the City Clerk and any civil suit for the collection thereof may be filed in any court of competent jurisdiction in the State of California, and the City Attorney of said City shall prosecute the action.

Section 20:16, RESALE CERTIFICATE. The City Clerk may at his option accept a State of California Resale Certifiate as evidence that any sale is not a sale at retail or he may in his discretion require an affidavit from the seller setting forth such information respecting such sale as he deems necessary to determine the nature of such sale.

Section 20:17. EXTENSION OF TIME. WAIVER OR COMPROMISE. The City Clerk shall have power, for good cause shown, to extend for a period of not to exceed 30 days the time for making any return or paying any amount required to be paid under this ordinance, when requested to do so in writing, before the same becomes delinquent. The City Clerk may, with the written approval of the City Attorney, waive or compromise any penalty or interest that would otherwise accure under the provisions of this ordinance. The City Clerk shall make and transmit to the City Council quarterly a detailed report of any sums so waived or compromised with the reasons therefor.

Section 20:18. DISPOSING OF PROCEEDS. All monies collected under and pursuant to the provisions of this ordinance shall be deposited and paid into the General Fund of the City of Campbell.

Chapter One, Part Two

USE TAX

Section: 20:19. An excise tax on the storage, use or other consumption of tangible personal property is hereby established for City of Campbell in accordance with provisions, definitions and rates, rules and regulations as hereinafter set forth.

The City Council of the City of Campbell does ordain as follows:

Section 20:20. DEFINITIONS. The following words and phrases, whenever used in this ordinance shall be construed as defined in this section unless it appears from the context that a different meaning is intended.

A. "Sales Price" means that total amount for which tangible personal property is sold, valued in money, whether paid in money or otherwise, without any deduction on account of any of the following:

(1) The cost of the property sold;

(2) The cost of materials used, labor or service cost, interest charged, losses, or any other expenses;

(3) The cost of transportation of the property prior to its purchase.

The total amount for which the property is sold includes all of the following:

(1) Any services that are a part of the sale;

(2) Any amount for which credit is given to the purchaser by the seller.

"Sales Price" does not include any of the following:

(1) Cash discounts allowed and taken on sales;

(2) The amount charged for property returned by customers when that entire amount is refunded in cash or credit but this exclusin shall not apply in any instance when the customer, in order to obtain the refund, is required to purchase other property at a price equal to or greater than the amount charged for the property that is returned.

(3) The amount charged for labor or services rendered in installing or applying the property sold.

(4) The amount of any federal tax imposed upon or with respect to retail sales whether imposed upon the retailer or upon the consumer and regardless of whether or not the amount of federal tax is stated to customers as a separate charge, and the amount of any California state sales or use tax. The term "gross receipts" includes the amount of any manufacturer's or importer's excise tax included in the price of the property sold, even though the manufacturer or importer is also the retailer thereof, and whether or not the amount of such tax is stated as a separate charge).

(5) Transportation charges separately stated, if the transportation occurs after the purchase of the property is made.

3. "Use" includes the exercise of any right or power over tangible personal property incident to the ownership of that property; subject, however, to the following exceptions:

(1) It does not include the sale of that property in the regular course of business.

(2) It does not include the storage, use or other consumption of tangible personal property, the gross receipts from the sale of or the cost of which has been subject to sales or use tax ordinance, whether enacted in accordance with Part 1.5 of Division 2 of the Revenue and Taxation Code of the State of California by any other city and county, county other than Santa Clara County, or city in this state, or enacted in accordance with the organic law of any such city.

(3) It does not include the storage or use of tangible personal property in the transportation or transmission of persons, property or communications, or in the generation, transmission or distribution of electricity or in the manufacture, transmission or distribution of gas in intrastate, interstate or foreign commerce by public utilities which are regulated by the Public Utilities Commission of the State of California.

(4) It does not include the use or consumption of property purchased by operators of common carrier and waterborne vessels to be used or consumed in the operation of such common carriers or waterborne vessels principally outside the City.

C. The word "storage", as used in this article, includes any keeping or retention in the City for any purpose except sale in the regular course of business or subsequent use solely outside this City of tangible personal property purchased from a retailer.

Section 20:21. IMPOSITION AND RATE OF TAX. An excise tax is hereby imposed on the storage, use or other consumption in the City of Campbell of tangible personal property purchased from any retailer on or after the effective date of this ordinance for storage, use or other consumption in said City at the rate of one per cent (1%) of the sales price of the property.

Notwithstanding the foregoing provisions of this section, where the sales price of tangible personal property purchased for storage, use or other consumption in the City of Campbell pursuant to a contract of sale actually executed in good faith prior to October 1, 1956, includes Campbell City Sales or use tax, the rate of tax applied shall be that rate in effect when the contract is executed.

Section 20:22 USE TAX LEVIED IN SAME MANNER AS STATE TAX. The tax hereby levied, except as otherwise herein provided, is levied in the same manner, to the same extent and under the same conditions as use taxes are levied pursuant to Part I of Division 2 of the California Revenue and Taxation Code, known as the "Sales and Use Tax Law" as amended and in force and effect on October 1, 1956.

Section 20:23. ADOPTION OF STATE USE TAX LAW BY REFERENCE. EXCEPTIONS.

A. All of the provisions of the "Sales and Use Tax Law" as amended and in force and effect on October 1, 1956, except the provisions pertaining solely to the "Sales Tax" and Sections 6008, 6009, 6011, 6201 to 6204, inclusive, 6207, 6226,6241 to 6246, exclusive, 6355, 6403, 6453, 7052, 7056, 7057, 7101, 7102, 7151, 7152, 7153, are hereby adopted and made a part of this ordinance as though fully set forth herein, and all provisions of any other ordinance in conflict therewith are inapplicable to this ordinance and the tax hereby imposed.

B. The term "sales price" shall not include the amount of any California state sales tax or use tax.

C. All of the provisions of the "Sales and Use Tax Law" hereby adopted providing for the adoption of rules and regulations and for hearings on the part of the State Board of Equalization shall be performed by the City Council of the City of Campbell. All other provisions of the state "Sales and Use Tax Law" hereby adopted providing for the performance of official action on the part of the State Board of Equalization shall be performed by the City Clerk of the City of Campbell.

D. The City of Campbell shall be deemed substituted for the State of California whenever the state is referred to in said "Sales and Use Tax Law".

E. The City Attorney of the City of Campbell shall be deemed substituted for the Attorney General whenever the Attorney General is referred to in said "Sales and Use Tax Law".

F. The City Auditor shall be deemed substituted for the State Controller and State Board of Control whenever the State Controller and State Board of Control are referred to in said "Sales and Use Tax Law".

G. The County of Santa Clara shall be deemed substituted for the County of Sacramento whenever the County of Sacramento is referred to in said "Sales and Use Tax Law".

Section 20:24 ADOPTION OF RULES AND REGULATIONS BY REFERENCE. The rules and regulations of the State Board of Equalization pertaining to the interpretation, administration and enforcement of the "Sales and Use Tax Law", insofar as applicable, shall apply to the interpretation of this ordinance until specifically abandoned by the rules and regulations adopted by the City Council pursuant to this ordinance.

Section 20:25 INTERPRETATION. The inclusion of any clause, portion or part of the "Sales and Use Tax Law" Part 1, Division 2 of the Revenue and Taxation Code of the State of California, verbatim in this ordinance shall not in or of itself be deemed to exclude any of the remaining provisions of the said "Sales and Use Tax Law" that are made a part hereof by reference only.

Section 20:26 DUTY TO COLLECT. Every retailer maintaining a place of business in this City shall apply to the City Clerk for authorization to collect the tax imposed by this ordinance. Any retailer not maintaining a place of business in this city may apply to the City Clerk for authorization to collect the tax hereby imposed. Upon receipt of any application in such form as required by him, the City Clerk, in the case of a retailer not maintaining a place of business in the City, may authorize the applicant to make such collections and to forward the same to the City Clerk.

Section 20:27. PERSONS LIABLE TO TAX. Every person storing, using or otherwise consuming in this City tangible personal property purchased from a retailer, is liable for the tax; provided, however, no tax shall be due hereunder if the tax imposed by Chapter One, Part 1, of this ordinance (Sales and Use Tax) of the City of Campbell has been paid on the sale of such property. The liability of such person has not been extinguished until the tax has been paid to the City of Campbell except that a receipt from a retailer authorized pursuant to Section 20:26 hereof to collect the tax, given to the purchaser pursuant to Section 20:28 hereof is sufficient to relieve the purchaser from further liability for the tax to which the receipt refers.

Section 20:28 COLLECTION OF TAX BY RETAILER. Every retailer who is authorized by the City Clerk to collect the tax imposed by this ordinance and who makes sales of tangible personal property for storage, use or other consumption in this City, not exempted under the provisions of this ordinance, shall collect the tax from the purchaser at the time of making the sale, or, if the storage, use or other consumption of the tangible personal property is not then taxable hereunder, at the time the storage use or other consumption becomes taxable. Upon collecting the tax, the retailer, on demand shall give to the purchaser a receipt therefor in the manner and form prescribed by the City Clerk. The tax so collected by the retailer, shall be held in trust by him for the City and shall be paid to the City by the retailer in the manner and at the times elsewhere provided in this ordinance.

Section 20:29. SEPARATE DISPLAY OF TAX FROM LIST OR OTHER PRICE. The tax so collected by the retailer from the purchaser shall be displayed separately from the list price, the price advertised in the premises, the marked price or other price on the sales or other proof of sale.

Section 20:30. PERSONAL PROPERTY TO WHICH TAX APPLIES. Except as otherwise specifically exempted the tax hereby imposed applies to all tangible personal property located in this City and purchased from a retailer; provided, however, that if the retailer in good faith takes from the purchaser a certificate that the property was purchased prior to the effective date of this ordinance or was not purchased for storage, use or consumption in this City and has not been nor will be so stored, used or consumed, he shall be relieved of liability to collect and pay the tax. The certificate shall be signed by and bear the name of the purchaser, shall indicate the address of the purchaser and the place where such tangible personal property will be stored, used or consumed, the date of purchase, and shall be substantially in such form as the City Clerk may prescribe.

Section 20:31. REGISTRATION OF RETAILERS. Every retailer selling tangible personal property for storage, use or other consumption in the City of Campbell and which retailer maintains a place of business in said City or acts through agents located in said City and which retailer is not licensed under the provisions of Chapter One, Part 1 of this ordinance (Sales Tax) shall register with the City Auditor and give the name and address of such agent or agents and office or other place of business in the city.

Section 20:32. DUE DATE OF TAXES. Taxes imposed by this ordinance are due and payable to the City Clerk on or before the last day of the month next succeeding each quartely period, the first quarterly payment to be due and payable under this ordinance on or before the thirty-first day of January, 1957. The City Clerk may require returns and payment of the amount of taxes for quarterly periods other than calendar quarters depending upon the principal place of or the nature of the business of the seller or retailer or may require returns and payment of the amount of taxes for other than quarterly periods.

Section 20:33, RETURNS. Each return filed by a retailer shall show the total sale price of the property sold by him during the reporting period in respect of which he collected the tax hereby imposed. Each return filed by a purchaser shall show the total sale price of the property purchased by him during the reporting period, in respect of which a tax is due under this ordinance. All returns shall also show the amount of the taxes for the period covered by the return and such other information as the City Clerk deems necessary to the proper administration of this ordinance.

Section 20:34. EXTENSION OF TIME, WAIVER OR COMPROMISE. The City Clerk shall have the power, for good cause shown to extend for a period of not to exceed thirty-one (31) days the time for making any return or paying any amout required to be paid under this ordinance, when requested to do so in writing, before the same becomes delinquent. The City Clerk may, with the written approval of the City Attorney, waive or compromise any penalty or interest that would otherwise accrue under the provisions of this ordinance. The City Clerk shall make and transmit to the City Council quarterly a detailed report of any sums so waived or compromised with the reasons therefor.

Section 20:35. SCHEDULES FOR PAYMENT OF TAX. The City Council, by resolution, shall adopt rules prescribing methods and schedules for the collection and payment of the tax. Such schedules shall be so determined as to facilitate collection of this tax at the same time that the retailer collects the tax imposed under the California Sales and Use Tax Law and so as to produce an average tax return of one percent (1%) on all purchases subject to the use tax.

Section 20:36. SUIT FOR TAX. All taxes hereby levied shall be payable to the City of Campbell and any civil suit for the collection there of may be filed in any court of competent jurisdiction in the State of California, and the City Attorney of said City shall prosecute the action.

Section 20:37. RESALE CERTIFICATE. The City Clerk may, at his option, accept a State of California Resale Certificate as evidence that any sale is not a sale for storage, use or consumption in the City of Campbell, or he may in his discretion require an affidavit from the seller setting forth such information respecting such sale as he deems necessary to determine the nature of such sale.

Section 20:38. DISPOSITION OF PROCEEDS. All monies collected under and pursuant to the provisions of this ordinance shall be deposited and paid into the General Fund of the City of Campbell.

Section 20:39. DIVULGING OF INFORMATION FORBIDDEN. No officer or employee of the City of Campbell having an administrative duty under this ordinance shall make known in any manner whatever the business affairs, operations, or information obtained by an investigation of records and equipment of any retailer or any other person visited or examined in the discharge of official duty, or the amount or source of income, profits, losses, expenditures, or any particulars thereof, set forth or disclosed in any return, or permit any return or copy thereof or any book containing any abstract or particulars thereof to be seen or examined by any person. However, the City Council may, by resolution, authorize examination of the returns by federal or state officers or employees or by the tax officers of this or any other city if a reciprocal arrangement exists. Successors, receivers, trustees, executors, administrators, assignees, and guarantors, if directly interested, may be given information as to the items included in the measure and amounts of any unpaid tax or amounts of tax required to be collected, interest and penalties.

Section 20:40. FALSE AND FRAUDULENT RETURNS. No person required to make, render sign or verify any report under the provisions of this ordinance, shall make any false or fraudulent return, with intent to defeat or evade the determination of an amount due and required to be paid hereunder.

Section 20:41. FAILURE TO MAKE RETURN OR FURNISH DATA. No retailer or other person shall fail or refuse to furnish any return required to be made or fail or refuse to furnish a supplemental return or other data required by the City Clerk or render a false or fraudulent return.

Section 20:42. CONTRACT FOR COLLECTION. The City Council is hereby authorized to enter into contractual engagements with any governmental agency within the State of California upon such terms and conditions as may appear fair and equitable for the collection of sales and use tax and to require the making of sales and use tax returns to said agency for and on behalf of City of Campbell.

Section 20:43. PENALTIES. Any person required to make, render, sign or verify any report under the provisions of this ordinance, who makes any false or fraudulent return, with intent to defeat or evade the determination of an amount due and required to be paid hereunder, is guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than Five Hundred Dollars ($500.00) or by imprisonment for a period of not more than six months, or by both such fine and imprisonment.

Section 20:44. SAME. Any person, firm or corporation violating any of the terms of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than Five Hundred Dollars ($500.00) or by imprisonment for a period of not more than six months, or by both such fine and imprisonment.

Section 20:45. SEVERABILITY. If any section, subsection, sentence, clause, phrase, or portion of this ordinance is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance. The Council of this City hereby declares that it would have adopted this ordinance and each section, subsection, sentence, clause, phrase or portion thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, phrases or portions be declared invalid or unconstitutional.

Section 20:46. EFFECTIVE DATE. This ordinance, inasmuch as it provides for a tax levy for the usual current expenses of the City, shall take effect immediately.

PASSED AND ADOPTED THIS 24th day of September, 1956, by the following vote:

AYES: Councilmen: Fairchild, Rose, Chargin
NOES: Councilmen: None
ABSENT: Councilmen: Morton.

Campbell at the Crossroads

It is a pretty well established fact that there are going to be a number of changes made in Campbell its surrounding area and the entire Santa Clara Valley within the next few years.

The influx of both people and industry show no signs of diminishing, if anything the tempo has increased. Ambitious plans for future of the area have now become for more than a gleam in the eyes of promoters. In fact drafting boards are loaded with specific blueprints that when carried out to their ultimate objective will drastically change the area.

In this new era of progress, Campbell has been slow getting off the ground. There has been considerable expansion in this area during recent years but it is inevitable that the development in the froeseeable future will be almost radical in comparison to what has taken place previously.

It will be no easy task to direct this expansion into the proper channels. There are many different schools of thought on how best to accomplish results which will be of the most benefit to all.

On the shoulders of the members of the City Planning Commission fall much of the responsibility for the overall picture of the future. By their attitude and actions the Planners can either hinder or aid in the proper development of the area.

There is no question but that Campbell is now at the crossroads.

There is no room, however, for artificial road blocks on the road to the future placed there by the City Planners or other officials either intentionally or unintentionally.

There is much to be done as far as the future of Campbell is concerned. We are firmly convinced that the Planning Commission should make every effort to facilitate this development and to speed it on its way.

The Planning Commission by emphasizing technical details can often make the way difficult for those who want to initiate the long-awaited development. We do not advocate that the Planners should turn their back on all discrepancies but we feel certain, based on our own personal observation, that often too much emphasis is placed on minor details which have not particular bearing on the "big picture," such emphasis can conceivably delay projects or stop them entirely.

What we are trying to say is that there should be one main objective for the community, an overall plan, so to speak. All efforts, therefore, whether it be by planners, councilmen, residents, business people or builders, should always keep that goal in mind.

But let us not allow **minor** blocks deter the community from reaching its goal.

We have plenty of **big** ones to overcome.

And Now the Plan Lines

Last Thursday night the City Planning Commission took the first step to establish an official plan-line for Campbell Ave. The Commission approved the plan recommended by the city engineer that would take 10-feet off each side of Campbell Ave.

The plan line no wgoes to the City Council. On October 22 the Council will hold a public hearing and then either reject or approve it.

There is considerable confusion over just what is meant when a plan-line is established. It does not mean the road is going to be widened immediately. It simply "freezes" an area and no permanent construction can be put on it. The property "frozen" will not be purchased until the street is ready to be widened which could be years in some cases; months in others and, in some rare instances, never.

It is generally conceded that the establishment of a plan-line is the first necessary step in the sound planning for an area. Naturally the width of streets is of paramount importance to any type of development.

The City Planners are still working on a plan-line for Winchester Road. They have a difficult problem on their hands, for regardless of how they act they are bound to make some people unhappy. That is always inevitable when older construction is involved.

Everyone agrees that Winchester Road will have to be widened. And most will also agree that it has to be done in the near future. The problem, of course, is how to do it. From what side of the present street should the land needed for widening be taken? Or should it be taken equally from both sides?

For three meetings the Commissioners have studied the plan recommended by the engineer which would take land equally off both sides of the street.

We firmly believe it will be an impossibility to set a plan-line that will be agreeable economically, geographically or any way to everyone.

But some plan should be adopted the next time the Commissioners meet.

We cannot see where anything can be gained by further delay and study. There is no Utopia for that road.

We learned to our sorrow and slight embarrassment that there are tricks to learn in every trade.

We dropped in on Vince's Food Center Sunday morning while Vince Vallelunga, the owner of the market was running it by himself.

During a lull in the trade we asked Vince to cut us some steaks. Ordinarily he waits until extra help come on before he does such jobs as the meat department is in the rear of the store which leaves the checking stand unmanned.

Without giving too much thought to the consequences, we brazenly offered to take over at the checking stand while the steaks were being cut. Vince sort of reluctantly agreed to this novel arrangement after we assured him that we would get along o.k. at the register.

No sooner had Vince left us to our own devices alone with the register than business started booming.

Our first mistake was that we had neglected to find out how to get into the cash register.

We never dreamed there were so darn many keys and levers to push and pull just to get into the cash drawer.

There we stood pushing and pulling to no avail as the customers started piling up on us.

—o—

We finally had to call Vince to come to our rescue as those customers who were in a hurry were getting a little provoked at the road block we had unwittingly thrown up.

We stepped aside when Vince came back and acted as box boy while he made the register sing. It worked o.k. for him. Fortunately we hadn't wrecked the mechanism with our willing but amateur handling of the keyboard.

Being box boy was more our speed. Our main trouble was that we started out ambitiously without sufficient preparation. We thought it looked simple enough but we hadn't bothered to be checked out at the checking stand.

There is an excellent moral to this episode. But it is so obvious that we won't bore you with it.

We are just happy to note that we are still on friendly terms with Vince. We hope we didn't lose him any customers by our misguided efforts.

—o—

If we had been a howling success at Vince's checking stand, we would have considered offering our services to either Tony Oreglia at Double AA Market or Pete Lico at Towne Pride. Since we have been in Campbell we have gained equal "experience" at all three of the stores. Our experience has been obtained, however, from the customer's side of the counter. There is a difference. Now we know.

So Tony and Pete will have to wait until we practice a little more. But after Sunday's debacle, we are afraid we will have to find a different spot than Vince's to do our practicing.

There was a great deal of shouting via the printed page and from various and sundry platforms during the incorporation campaign in Saratoga. Both sides sounded off a great deal and presented all kinds of reasons why or why not Saratoga should be incorporated.

Fortunately the tumult and shouting died with the vote on Tuesday, although there will be post-mortems staged for months to come.

Campbell, an innocent bystander, got into the act by being held up as a horrible example of what could happen when a city incorporates, We, along with most intelligent-thinking people of this area, took exception to the jibes poked at Campbell. We are firmly convinced that Campbell is progressing far more rapidly under cityhood status than if it had remained county territory.

One brochure printed by anti-incorporation advocates used headlines from past issues of The Campbell Press to prove their points. Dick Ryan, a Campbell resident, was employed to compile the brochure. We granted him permission to use our files, although when he was doing it we didn't know what he was hunting for. However, even if we had known what he was about we still would have allowed his access to our files.

—o—

The proposed city limits of the new city came right into Campbell's own backyard, to wit, the Quito district. So the anti-incorporation people bought a big ad in The Press last week to appeal to the residents of the Quito area.

Coincidentally we ran our editorial directly opposite the ad blasting the tactics of the group. We received several compliments for this startling "coincidence".

During the campaign we heard and read many arguments pro and con on the situation.

Some made sense. Some didn't.

Some were deliberate misstatements while others were half-truths. We are sure you heard or read most of 'em also.

But here is one that we betcha you never heard. Ken Hansen, San Jose-Mercury correspondent who covers Campbell as well as a number of other areas on his "beat", told us at the Planning Commission meeting the other night why he personally opposed the incorporation of Saratoga. So we pass it on to you for what it is worth:

"I know this is a short-sighted and very selfish viewpoint," Ken told us," "But I'm against the incorporation of Saratoga because, if it passes that will make another City Council and Planning Commission that I will have to cover."

Ken last Thursday night might have been a little prejudiced when he made the statements. We had been sitting for three hours "covering" the Planning Commission meeting as the Planners strove to reach a decision on the future of Winchester Road and other matters.

The concrete abutments that are placed around and in the Campbell shopping center where Lee Bros. Mkt., Campbell Drugs and Pharmacy, the Irish Washerwoman Laundromat, Sunshine Card and Toy and Laurel Variety and Toy, are located, have vexed both shoppers and store owners since they were first put in. Light standards are supposed to be affixed to them eventually.

Because of their location and low height the abutments have been banged into by a number of cars with the result that both tempers and bumpers have been in many cases badly bent.

We have a sneaking hunch, however, that there is going to be corrective action taken. And soon.

But an abutment "hit" the wrong car last Friday.

W. L. (Bud) Morser, city building inspector, was the driver when his new Buick struck one of the little jobs.

That's why we will make book that something will be done right soon.

What odds will you give you?

LAW IN ACTION

FREEDOM AND LAW

Some systems of man-made law regulate everything one does, not only those things that belong properly to law, but also others that belong to morals, to religion, to good taste and prudence — even to etiquette. But in the past our law has tried hard properly to draw the line between things (1) men may do as they choose—room for freedom, and (2) things men must do in certain ways—the channels of legal duty.

THE STATE BAR OF CALIFORNIA
JULY 29, 1927

Of old, the Stoics called law right reason from the Supreme Diety to mankind. It commanded men to do good and avoid evil. Men stated this idea of law over and over until it landed long ago in Blackstone's **Commentaries** and crossed the Atlantic to America.

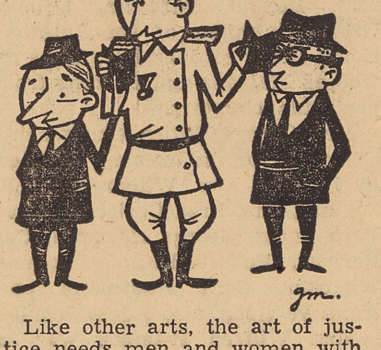
But even so, the Stoics knew some things which were neither good nor bad, but neutral. You could shine your shoes or not, or even go barefooted, for all they cared legally.

Our law sets out duties, both negative (for instance not to harm others) and affirmative (for instance, to educate our children).

But it deals in many situations also with rights of people not to have the law on them, for example, to speak and worship as they please.

Plato saw justice as a kind of minding your own business—doing well what you're supposed to do, and not meddling in others' affairs. For the positive law, too, there is an outer limit. If law ordered your life in detail, how could personality, character, or mind develop?

Besides, the police state not only has to have thought-police to police the people, but police to police the thought-police.



Like other arts, the art of justice needs men and women with freedom to use their judgment, even to make mistakes; and it encourages us to use that reason which the legal philosophers of old believed men got from heaven. Hence beyond our need for reasonable security and order, our lawmakers have resisted the temptation to multiply legal duties.

Our Bill of Rights, at least, flatly denies the right of lawmakers to put certain duties upon us.

County GOP Assembly Barbecues September 29

Santa Clara County Republican Assembly will hold its annual barbecue Saturday night, September 29, according to Lee Rodgers, chairman. The barbecue will take place at Bohnetts barbecue grounds directly behind the Red Barn on the Monterey Highway about four miles south of San Jose at Hillsdale Ave.

Cocktails will start at 5:30 p.m. with the steak barbecue at 6:30. The event is planned as a kickoff rally for volunteer workers. Robert Kirkwood, state controller and former assemblyman from this county will be the speaker.

Merritt Cuttena is general chairman. Howard Lillingston of Campbell is chairman of the arrangements. Reservations can be made by calling Don Severns (FR 8-3439) president of the Campbell Republican Assembly or through Republican headquarters. Tickets sell for $2.50 per person.

JOE SANTORA

JOE SAYS:
YES!
I AM a Candidate for the Office of
SUPERVISOR 4th District

JOE SAYS: "Thanks a millin to all the people of Santa Clara County; and most of all, the people who live in District 4, for the support you gave me with your vote in 1954. Yes: 16,000 votes, almost a winner. Now again I ask you for your vote this Nov. 6, and please tell your neighbors and friends, for good honest government is what the people of Santa Clara County want.

JOE SANTORA will give you good government. For my record of 23 years a successful business man and for nearly five years as a San Jose City Councilman speaks for itself—and elected to the office two terms in succession with the highest number of votes—also a record. Now I ask YOU to elect me as your Supervisor in the 4th District on Nov. 6th and make it a victory for YOU, and your candidate, 'JOE SANTORA'."

JOE SAYS, "Thanks a lot, everybody."

WHAT'S DOING
T. K. Nordheim, your Telephone Manager in Campbell

"Teletrainers" teach best phone use

Any day now that high school youngster of yours might surprise you with some good tips on how to use the telephone. He'll get his ideas at school from telephone equipment called a "Teletrainer." It's a device that was created by telephone people especially for high school teachers and pupils. It teaches the students how to develop a good telephone personality, how to use a telephone directory and how best to place out-of-town calls. Above all, it teaches good telephone habits, the kind of habits that help everybody get better service from their telephones. The men and women of Pacific Telephone work to make your telephone more useful every day.

Color phones will dress up your home

When you're dressing up, color's important. You want your shoes, hat, dress or suit to complement perfectly. When you're dressing up your home, color's important, too. That's why additional phones in color fit right in. They come in eight exciting shades—red, yellow, green, blue, brown, beige, gray and ivory—as well as "two-tone" combinations. The cost? Only $1.00 a month for each additional phone after a single installation charge. Why not call us right now and ask about adding phones in color?

YOUR YELLOW PAGE REPRESENTATIVE IS HERE TO SERVE YOU

A representative who has made a special study of how customers decide where to buy will be calling on all business telephone users in the Campbell area during the next few weeks. He's a Yellow Page advertising consultant—a good man to know. If you would like to take advantage of his knowledge and experience, call CYpress 2-9000. There is no charge for this valuable counsel—nor do you place yourself under any obligation to follow his recommendations.

Take advantage of this opportunity to increase sales in well-planned, more effective Yellow Page advertising.

A 200 foot high tower straddling the intersection of Market and Santa Clara Street provided electric street lighting for the whole city in 1881.

90 YEARS
OF DEPENDABLE WATER SERVICE

People came from far and near to see San Jose's up-to-date street lighting when the marvelous Brush light was installed at Market and Santa Clara Streets in 1881. Perched atop an iron framework 200 feet high, the light shone with a blinding brilliance "equal in power to the full moon" at a distance of a quarter mile away.

This same intersection was the location of one of the first water mains installed by San Jose Water Works just 15 years before. The street lighting tower, blown down by wind storms in 1915, now exists only in the memory of the older residents, but the original water main has continued to grow until today an 874 mile network of pipe serves the central area of Santa Clara Valley.

Many years ago San Jose Water Works began developing water supply far ahead of demand by constructing reservoirs in the Santa Cruz Mountains. As a result, more than 275,000 people in the San Jose area now enjoy the protection of independent sources of supply—the reservoirs in the mountains and deep wells on the floor of the Valley. Only very few areas anywhere in the nation have this unusual protection from disaster.

Dimes Chairman Urges People to End Polio Fight

"Let's Finish Th Job" will be the battle cry of the 1957 March of Dimes next January, it was reported this week by Joseph A. Chargin, Jr., Chairman, following his return from a national conference of March of Dimes leaders in Los Angeles.

"The fight against polio will not be finished until polio is finished as a crippler of children and adults", Chargin declared in revealing that $46,900,000 would be needed to fight polio in 1957.

A total of $10,000,000 of the 1957 need will be earmarked for a vaccination program now being evolved. While the program had not been spelled out yet, generally, it will be aimed at assisting those who cannot afford to get their families vaccinated, the March of Dimes leader said.

As the impact of polio shifts from epidemic emergencies to the restoration of devastated lives, Chargin said, considerably more March of Dimes must be channelled into an all-out rehabilitative attack against the disease.

"As the fight against Infantile Paralysis was carried on over the years," Chargin explained, the pressure of epidemic polio made us concentrate on saving lives. Now —even before the acute phase of our job is finished—our emphasis must shift more and more to making those saved lives worth living."
